Oh! But he was a tight-fisted hand at the grindstone, Scrooge! A squeezing, wrenching, grasping, scraping, clutching, covetous old sinner! Hard and sharp as flint, from which no steel had ever struck out generous fire; secret, and self-contained, and solitary as an oyster.

*In this puzzle the names go across, down, and diagonal.
No names go backward.*

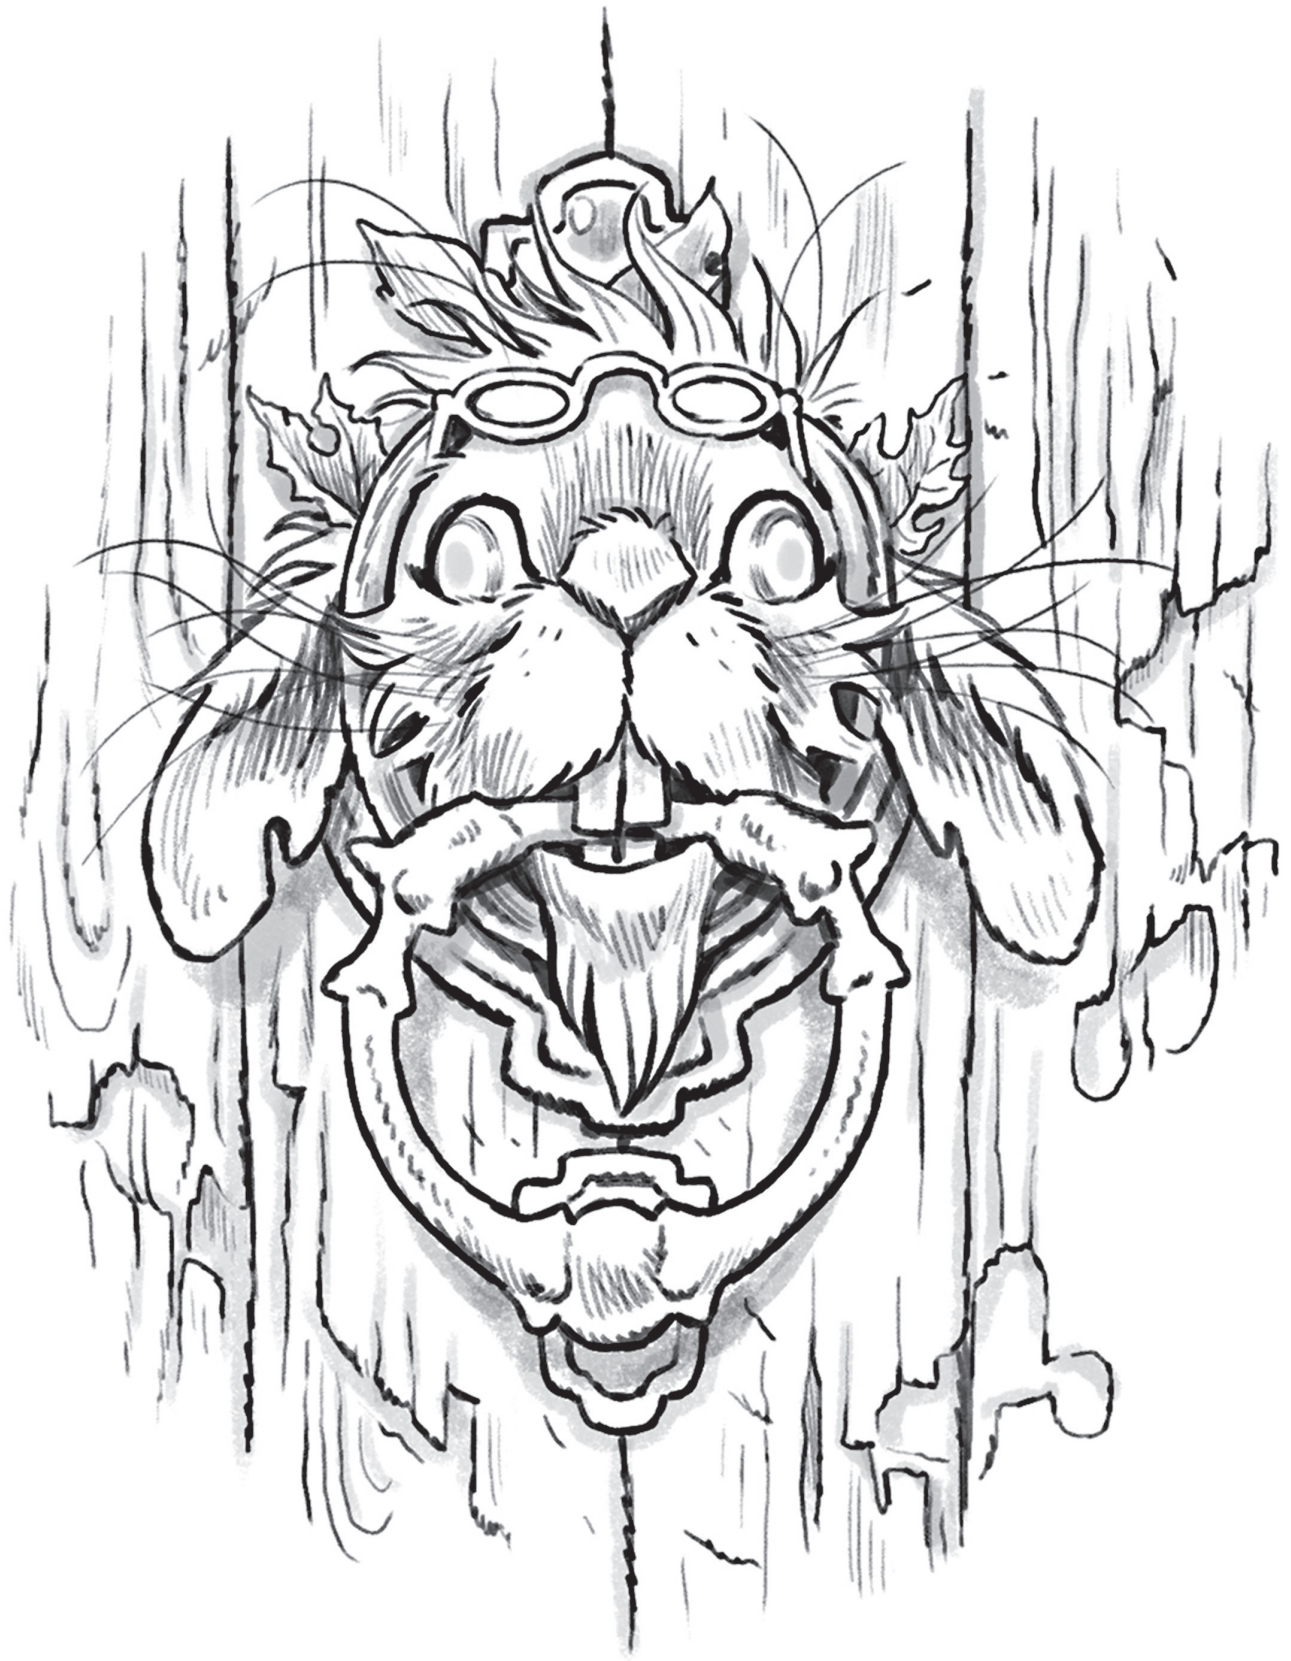

The door of Scrooge's counting house was open that he might keep his eye upon his clerk, a lowly rodent who in a dismal little cell beyond, a sort of tank, was copying letters.

“A Merry Christmas, Uncle! God save you!” cried a cheerful voice. It was the voice of Scrooge’s nephew, who came upon him so quickly that this was the first intimation he had of his approach.

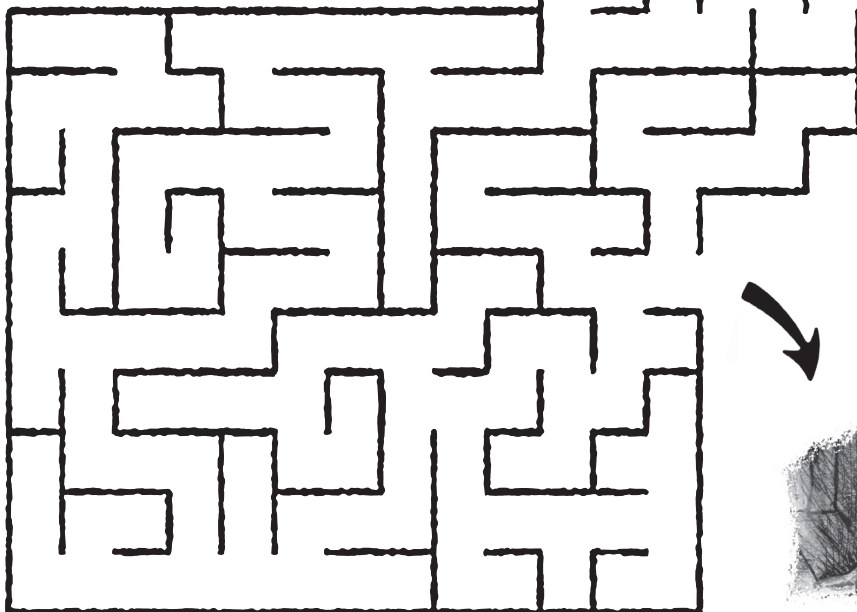

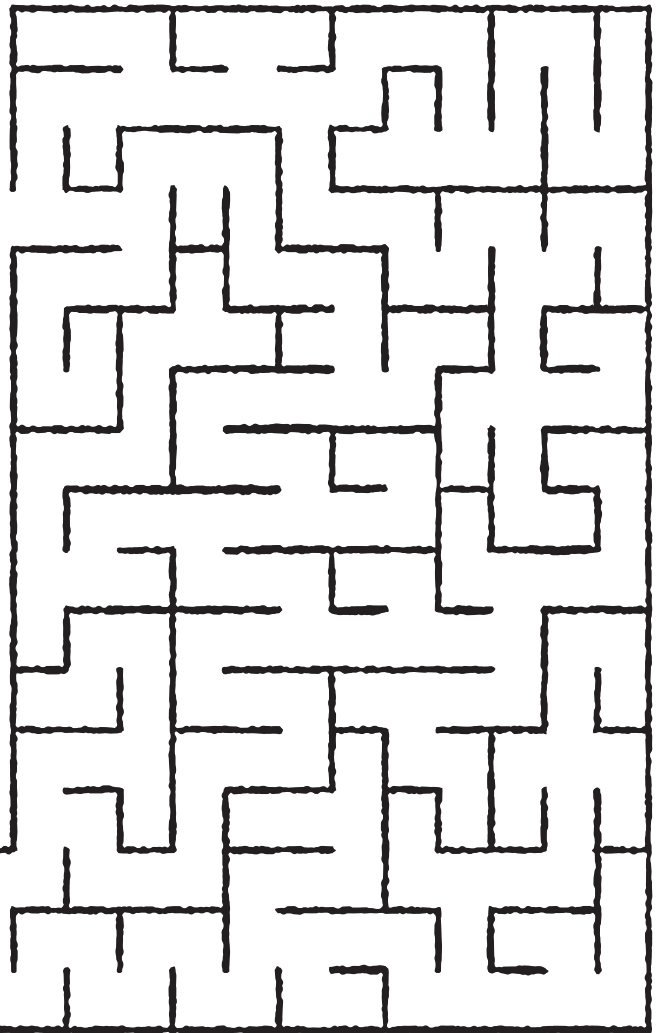

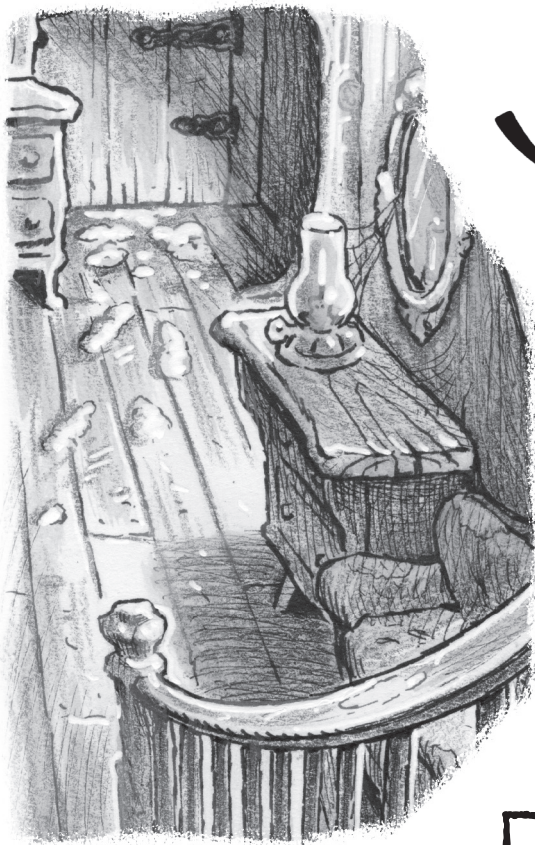

And then let any man explain to me, if he can, how it happened that Scrooge, having his key in the lock of the door, saw in the knocker, without its undergoing any intermediate process of change—not a knocker, but Marley's face.

FIND YOUR WAY THROUGH SCROOGE'S ROOMS

Grab your candle—a pretend one, maybe—and follow Scrooge as he quietly inspects the dark rooms of his house.
