

List three pre-Christians the Lord has placed in your life that you want to disciple. You may want to list one at the Cultivating level (building a friendship with), one at the Planting level (beginning to share God's truth with), and then one at the Reaping level (ready to hear the gospel clearly and concisely). On the left hand side, I have listed the seven disciplines that Jesus mentioned about how He disciplined. Looking at this chart, write down your next steps for each person.
